Summary of Change:

Update the FAA's Pricing Handbook to ensure it aligns with the current version of AMS as well as to streamline or to clarify some pricing subjects. Delete and replace the current handbook with the attached handbook. The table of contents of the new document is linked so the current structure of the Pricing Handbook on the FAST website is no longer needed.

Reason for Change:

The Pricing Handbook is a useful tool available to the FAA's Product Team and Industry to understand pricing concepts. It was last updated 10 years ago, in 2012. Since then, there has been numerous changes made to AMS Policy, Guidance as well as to contract clauses.
